

Welcome to Paolo's Jazz Club on Møn

Paolo's Jazz Club is an intimate concert venue created around and by the pianist, bandoneonist, and composer, Paolo Russo together with his wife, the singer, artist and voice awareness teacher, Katrine Krog Russo on the West part of the island Møn in the Southern part of Denmark.

Just like Paolo's work as a musician, arranger and composer, the concerts in the jazz club range widely across different musical influences and will be presented as a dive into Paolo's artistic universe with guests from all musical genres and from all over the world.

Paolo's Jazz Club is a privately owned and self-financed live venue, a vision of a place where music takes first priority, creating intimate worldclass musical experiences.
